MEMORANDUM TO: Mr. Gordon Gray
FROM : Executive Assistant to Deputy Director (Plans)
SUBJECT : Clearances

25X1

1. [REDACTED], of whom you spoke to me the other day has a Q clearance, which should fit him for anything.

2. [REDACTED], whom you also mentioned, has a Top Secret clearance in the Army and if, as you suggest, we here are to handle your problems in this regard, it would be necessary to go through a little formality before he could be briefed in this shop. This is nothing that should take very much time but when we are certain you want him to be so briefed, we will get the papers started.

3. You also mentioned [REDACTED]. We know a little about him but he has not had a full check. If you want to have him briefed on the work here, a full field investigation would be necessary. This is a time-consuming matter and if you are thinking of hiring him, I suggest we start right away.
